## The Fair

From Amman to Amsterdam, New York to New Delhi and Sao Paulo to Seoul, World Art Dubai is the region's premier platform for worldwide galleries to showcase accessible, inspirational and affordable art to Middle Eastern art lovers.

As part of Dubai Art Season, World Art Dubai was created to bring together regional and global artists and galleries from across Dubai's international community. A unique fusion of art, education and entertainment, World Art Dubai reflects the city's growing prominence as a leading cultural and artistic hub. From young and emerging artists to established names, World Art Dubai will host a diverse collection of modern, contemporary and fine art work for every budget.

This year's World Art Dubai returns for an inspirational second edition with more than 140 local, regional and international galleries and artists offering a wide variety of spectacular artworks across 4,000m<sup>2</sup> of exciting indoor exhibition space.

Connecting global artists and galleries with Dubai's international community of passionate art collectors and fans, World Art Dubai 2016 will showcase an impressive global collection of more than 3,000 paintings, prints, sculptures, photographs and much more - ranging from US\$100 - 10,000.
